Penguin Loves Mev In the UK

Tear Attack: Part 1

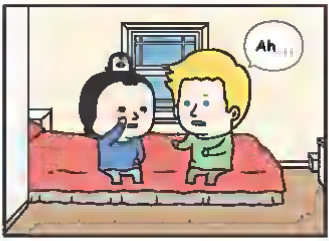
'Tears are a woman's weapon.'

I'm not keen on that expression

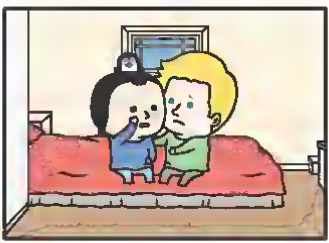
Becouse it sounds like I will use sympothy on purpose even though I have many different better weapons inside me.

So I never use teors
to get something I want.

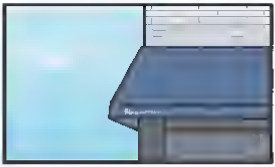


But when I see Mev's reaction
when I cry becouse of reol sodness,

... I can tell that his heart goes extra mellow because of my tears.



I guess it's natural that you feel sad to see lover's tears.



One day.

We did a bet for fun
'who can cry first'.

OK, go!

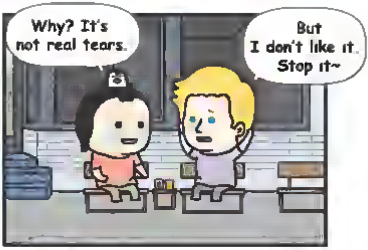
No sooner did we start the bet than we found that I was good at crying.



Then Mev felt sad even though it was fake tears.

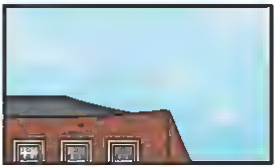
I try to take the mickey out of him for fun.



Then one day....
